United States Patent
Granted To

Catherine Conroy
CABOT MICROELECTRONICS CORPORATION

June 21, 2011 NUMBER: D 640,057

POLISHING PAD CARRIER

The Director of the United States Patent and Trademark Office has received an application for a new, original, and ornamental design for an article of manufacture. The requirements of law have been complied with, and it has been determined that a patent on the design shall be granted under the law.

Therefore, this

United States Patent

Grants to the person(s) having title to this patent the right to exclude others from making, using, offering for sale, or selling the design throughout the United States of America or importing the design into the United States of America for the term of this patent.
